About Me

As an engineer eager to develop myself in the field of Computer Engineering, I aim to contribute to innovative projects by utilizing my problem-solving and analytical thinking skills. I strive to add value to my career in a dynamic and team-oriented work environment.

Language

- English

Education

DUZCE UNIVERSITY

2019 - 2024

I graduated with a degree in Computer Engineering, where I gained a solid foundation in computer science, software development, and system design. During my studies, I developed strong analytical and problem-solving skills, and I was actively involved in several hands-on projects that helped me hone my technical expertise.

Experience

OFİ Tarım Sanayi A.Ş

INTERN

2022

I completed my mandatory summer internship at OFİ Tarım Sanayi Ticaret A.Ş. during the specified dates. During this period, I enhanced my skills in hardware development.

Eteration Bilişim Çözümleri A.Ş

INTERN

2024

- **Agile Methodologies:** Hands-on experience in team collaboration and software development processes using Scrum and Kanban frameworks, ensuring efficient project management and delivery.
- **Web Development:** Designed and implemented a responsive, user-friendly website using React, focusing on seamless user interaction and clean architecture.
- **Mobile Application Development:** Contributed to the development and maintenance of an in-house mobile application using React Native, ensuring functionality and performance in a dynamic project environment.
